- All supplied items (uniform, bows, headbands, etc.) are the school's property so they are given to you for the season and then you must return them once the school year ends.
- All items that you girls discuss as a team to purchase when I am not present must be addressed to me for final approval before purchasing. If items are purchased without my approval you will not be able to wear them and demerits will be given. (Remember that all items that I do not get for you from the school must be paid out of pocket. They are your responsibility, so they are to be paid for individually at your own expense).

\*\*\*There is an online store that you have the chance to buy an auxiliary jacket and other clothing items from. This is not a requirement. You do not have to purchase anything but if you would like the option is available to you.
