

Missed Performance Assignment

Students who miss required performances must complete the make-up assignment within two weeks of the performance missed or before the close of the grading period in which the performance occurred. To receive full credit for a missed performance, students must complete both the listening assignment and the missed performance quiz.

The listening assignment is on the band website - www.aghsband.com - located under the assignments tab. Students must select a song from the suggested listening list and listen to it using the link provided. After listening to the ENTIRE piece, students will complete the listening assignment based on the music they selected. Students must complete the entire listening assignment to receive any credit.

Next, students must complete the *missed performance quiz*. Students are expected to get a 100% to receive full credit. They may take the quiz as many times as they need to in order to receive the required score. A link to the resource packet containing the answers to each question is available under the assignments tab.

Any student who fails to complete the entire assignment will receive **no** credit for the missed performance and will receive a final grade deduction of one letter for each performance.

Any student who has a question about, or needs help, with either portion of the assignment should make time to come down and speak with me. I am happy to assist any student at any time outside of band. No student will be given time to work on the make-up assignment during band class. The performance took place outside of class, and so will the make-up assignment.
